Pres. 11-1

STANDARD FORM NO. 64

## Office Memorandum • UNITED STATES GOVERNMENT

63-2571

TO : Chief, Medical Staff

VIA : A DD/S 131492 3/29/63

DATE: 28 March 1963

FROM : Executive Director

SUBJECT: Federal Employee Health Service Program

On March 20th I attended a meeting of the Executive Officers of the Government, an organization sponsored by the Bureau of the Budget consisting of senior officers from most of the Federal departments and agencies. At this meeting BOB passed out the attached memorandum and questionnaire on the Federal Employee Health Service Program. I do not believe it is necessary that we reply to the questionnaire, but, for my own edification, I would appreciate your filling it in, and I would also be interested in your reactions to the memorandum, which, incidentally, evoked considerable adverse comment from the group as being more restrictive than several of the programs which various agencies currently have in effect.

Lyman B. Kirkpatrick
